**About the Author**  
 Deepak Chopra is the author of more than 40 books, including The Book of Secrets, How to Know God, Life after Death, and The Seven Spiritual Laws of Success. Time magazine named him one of the 100 heroes and icons of the century and credited him "the poet-prophet of alternative medicine."

## NED KELLY.

By: Robert Drewe  
 RRP \$19.95 **SALE \$6.99**

The first novel written about the bushcountry gunslinger who was both the national hero and devil incarnate of Australia, Ned Kelly imagines the inner life of a figure described by historian Manning Clark as "a wild ass of a man, snarling, roaring and frothing like a ferocious beast when the tamer entered the cage." Written with brilliant clarity and impressionistic economy, Ned Kelly follows Kelly

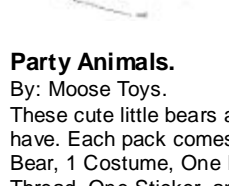

and his outlaw gang of "bushrangers" through the wild land of Australia as they declare war on the police, the bankers, the squatters, the teachers, the preachers, the railway, and the electric telegraph-carrying readers into a dream world of astonishing and violent revelation.

## NOT ALL GRANNIES KNIT. How To Be A Bad Grandmother.

By: Joan Pritchett  
 RRP \$23.95 **SALE \$6.99**

Becoming a grandmother is a strange experience that involves becoming part of the "older generation" almost overnight. Luckily, help is at hand in the form of this razor-sharp handbook. From the initial shock ("Is this going to be a nuisance for me?"), to the journey through pregnancy ("Try not to laugh when the expectant couple start talking about the beauty of natural childbirth"), to the thorny issues of names and the even thornier issue of the competitive other grandmother, this tongue-in-cheek guide has the answers to every granny's enquiries. Abundantly illustrated, this is a spirited and irreverent celebration of the joys—and otherwise—of acquiring grandchildren.
